Water Main Replacement Group Job 3008: E-Newsletter #13 | Sept. 15, 2009

This is the 13th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of September 28, 2009.

Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

Contact Information:

Water Department's 24-hour Emergency Services Hotline:

(619) 515-3525

Group Job Public Information Line:

(619) 533-4207

General FAQs:

www.sandiego.gov/engineering-cip

Construction crews are digging a trench to install a 16" diameter pipe on N. Harbor Drive.

Upcoming Construction Activities

Currently, construction crews are working on Group Job 532 (see Orange dotted line on map below).

During the weeks of Sept 14 & Sept 21, crews will: Day Work

- Continue installing 16" diameter pipe beginning at Broadway going north along N. Harbor Drive to Ash Street.

Night Work

- Continue installing 16" diameter pipe beginning at Broadway going south on N. Harbor Drive to Pacific Highway.

Traffic Control:

During construction work hours, occasional road closures will occur within the current construction activity area.

Please note, occasional unplanned and unforeseen conditions may occur that could prolong or result in additional construction noise.

"Working together to engineer a better tomorrow."
